

## **GILBERT HIGH SCHOOL**

### **GILBERT, IOWA**

Gilbert High School had some improvements they wanted to make to both their auditorium and athletic areas. H2I Group offered various solutions so that Gilbert could work with us to implement these additions. Our solutions include auditorium seating, bleachers, stage floor, gym floor, wall padding, and athletic lockers. Our auditorium seating was 600 Millennium Auditorium Chairs, as well as 2 banks of 11 rows x 136' bleachers and 1 bank of 5 rows x 50' bleachers.
