

CHEROKEE NATION OSTEOPATHIC MEDICINE STILLWATER, OKLAHOMA

Oklahoma State University partnered with the Cherokee Nation to construct a new osteopathic medicine building to support the health program at OSU. H2I Group was contracted to furnish and install the Architectural Woodwork scope on this project. Our solutions, installed by H2I Group's qualified carpenters, included multiple die wall reception desks, plastic laminate casework, engineered stone countertops, and acrylic sills.

SOLUTIONS

Die Wall Reception Desks
Casework
Countertops
Acrylic Sills
