

GLEASON FIELDS **MAPLE GROVE, MINNESOTA**

Gleason Fields in Maple Grove, Minnesota, has transitioned from a primary focus on soccer and football to a premier baseball and softball destination, thanks to a strategic renovation. The updated park features four baseball/softball fields in both youth and regulation sizes, complemented by six advanced batting cages and roomy dugouts for an optimal game experience. Beyond the diamond, the park's enhancements include new pickleball courts, tennis and basketball courts, a picnic area, and a mile-long trail. H2I Group played a pivotal role in this transformation, providing solutions ranging from netting and foul poles to dugout furnishings, temporary fencing and more. With this overhaul, Gleason Fields stands as a diverse recreational hub, catering to athletes and families in the Maple Grove community and beyond.
