

## RED ROCK CENTRAL PUBLIC SCHOOL LAMBERTON, MINNESOTA

The Red Rock Central Public School in Lamberton, MN, is a new PreK-12 facility built from the ground up, with construction starting in May 2023 and finishing in October 2024. H2I Group provided key solutions, including corridor lockers, locker room lockers, and athletic gear lockers from DeBourgh, List, and RFS Sports, installed by L&L Contracting. The 409-seat auditorium features Irwin Marquee seating with Sherpa/Shire fabric, installed by Three-Sixty. H2I Group also supplied learning stairs, wood gym flooring for the main and auxiliary gyms and stage flooring. Completed on time and within budget, this project reflects another successful H2I Group collaboration.
