

SOUTHEAST RECREATION CENTER & FIELDHOUSE **AURORA, COLORADO**

The 77,000-square-foot Southeast Recreation Center & Fieldhouse in Aurora, Colorado, is a premier community space featuring top-tier recreational and competitive amenities. H2I Group supplied and installed Porter Athletic equipment, including backstops, gym divider curtains, volleyball systems, wall padding, and Daktronics scoreboards.

Starting in February 2021, H2I Group worked closely with stakeholders, ensuring the facility supports diverse sports like basketball, volleyball, soccer, football, and field hockey. By aligning with the community's vision, our team delivered a versatile, high-quality space for all.
