

CORVIAN ELEMENTARY SCHOOL **CHARLOTTE, NORTH CAROLINA**

H2I Group partnered with Barringer Construction and WGM Design to deliver a comprehensive athletic solution for Corvian Elementary in Charlotte, NC. Initially developed as a small scope project involving two wall-mounted basketball backstops, the project quickly expanded into a full-scale athletic package. H2I Group provided Pulastic sports flooring by Robbins, basketball backstops and a divider curtain from Forum Athletic, custom wall padding by Draper, as well as outdoor turf soccer fields and tennis courts. The evolving scope of work demonstrated H2I Group's flexibility and commitment to supporting client needs as they grow, resulting in a high-performance athletic environment both indoors and out.
